

SOLIDARITY STATEMENT - SAN FRANCISCO 8

On behalf of the Chicano Mexican Movement for National Liberation and Self Determination, I extend my comradely greetings to the SAN FRANCISCO 8 and announce our unconditional support and revolutionary solidarity to our Brothers, in demand that the criminal charges against them be dropped. The real criminals, the government war criminals, are the ones that should be facing criminal charges for their historical crimes and their illegal wars of genocide and plunder against progressive liberation movements and our freedom fighters who fight for the freedom, justice and self determination of enslaved internal colonies held captive and subjugated by the colonial policies of Yankee imperialism.

**No Surrender !
Can't Jail The Spirit !**

The United States of America is the head of the monster of international fascism that seeks to dominate the world and its people and its resources with its imperialist plunder. These military adventurist war criminals and torturers have their secret prisons and their secret torture chambers around the world at their disposal. The torturers have been "trained" in the crimes of torture while employed as "prison guards" in America's "state and federal prison systems," as was exposed in the Abu Ghraib and the other Guantanamos of the world. King George W. Bush, Albert Gonzales (former Attorney General), and Robert Gates, Secretary of Defense applied their imperialist politics and their torture skills in the State of Texas and its prison system, as they continue to do today in their brutal use of control units in this prison I am being held captive in. The government's intimidation tactics will not work, for we will not be intimidated by these "scare" tactics. We will expose the real criminals and violators of human rights! **FREE THE SAN FRANCISCO 8 ! FREE ALL POLITICAL PRISONERS!**
